# Show yourself off!

## Create your own customised packaging with Design by ColomPac®.

In today's world of online ordering, packaging design is a vital marketing consideration. It must convey an appealing message about the value your products, and show respect for your customers with the way you present and deliver their purchases.

Design by **ColomPac®** offers, in collaboration with you, one single source for the graphics and implementation of your branded packaging requirements from concept to completion.

### Individual Designs.

If your product is particularly large, long, heavy or just needs to stand out, our experienced graphics and development team will tailor-make your packaging for you.

**Do you need a customized solution?**

Do not hesitate to contact us:  
**Infoline: +49 (0) 9401 9259 123**  
**E-Mail: [info@colompac.de](mailto:info@colompac.de)**

Offset, Flexo or both?  
Interior and exterior?  
Anything is possible.

### Flexo Printing.

Is the ideal solution for displaying your company's logo directly on your packaging. Up to 2 colours are printed directly on cardboard with Flexo printing with individualized packaging, starting at 5.000+ units.

### Offset Printing.

Can do even more with photorealistic imagery in up to 6 colours. Whether on the exterior, interior or on both sides, unpacking becomes a pleasant experience... your product as well as your message will be well received by your customers. And additional refinements such as embossing or matte varnishing can turn your packaging into something very special.

# ColomPac® for the benefit of the environment

**FSC®** is an abbreviation for Forest Stewardship Council®, an international organisation promoting socially and environmentally responsible forest management. The **FSC®** logo demonstrates that we have been certified by independent auditors and that we comply with the prescribed standards at all stages of our production. This is audited annually. Our license code is FSC®-C084581. The certificate can be found on the **ColomPac®** website under Downloads.

**ColomPac® is climate neutral.** We have been producing our entire range in a climate-neutral manner since 2014, which means our global CO<sub>2</sub> balance is neutral. You can obtain information about our climate protection projects at [www.climatepartner.com](http://www.climatepartner.com) using the ID number 11392-1402-1001 (which can be found on every **ColomPac®** product). We are constantly working on improving the overall minimisation of our emissions and are also actively involved in internationally recognised climate protection projects. We have been authorised to label our packaging "climate neutral" since 2014.

# 100%

## sustainable

### Sustainable from the start by:

- Resource optimised development
- Ecological material selection
- Reduction of transport and volume
- 100% recyclable
- High percentage of recycling

Sustainable from the very beginning - we take the right choice of materials, optimal functionality and the minimisation of material loss into consideration as early as the development phase so that we can make sustainable savings in resources over the long term. Logistics are also given due attention with a view to reducing transport volumes. Our products are 100% recyclable thanks to the natural resource paper. The corrugated cardboard used by **ColomPac®** is also made up of a high proportion of recycled material and can be reused up to 20 times.
